

## **The Accessible Lion**

The Lions you know and work within your communities care about those in their community and worldwide. So many of our events and projects strive to help those in need and those who live with a disability. A great many of our members have dedicated themselves to assisting others, because of personal experience, either from family, friends, or themselves. It is through this compassion that so many people in the world are able to lead productive and fulfilling lives despite their disability.

Lions have been serving for over 100 years dedicated to lending a helping hand to those in need. Governments around the world are beginning to understand that if we remove physical barriers from people with disabilities, they too can lead productive, fulfilling lives.

As Lions, we need to go that extra step and review our practices, our meeting processes, and facilities to show our members that we truly are inclusive, and to encourage those with disabilities to enjoy a productive and enjoyable membership experience as Lions.

“With Thanks to the A-16 Accessibility Committee”
