## POLL TIME AGAIN.....

You cannot be a leader if you aren't in an authority position
If you are a leader you don't have to be a manager as well.
Setting examples, guiding people, being their voice when the situation arises.

You cannot be a leader if you are an introvert
Sometimes thinking more on the inside than on the outside proves even more beneficial than we think.

If everyone is a leader, there will be no followers.
Nobody leads in everything. The best leaders have their "specialties".

## The Art of Recognition

People value being appreciated for their contributions. Recognition does not have to be elaborate, just genuine.
